Forming Intentional Disciples Sherry A. Weddell 2015-11-30 How can we transmit a living, personal Catholic faith to future generations? By coming to know Jesus Christ, and following him as his disciples. These are times of immense challenge and immense opportunity for the Catholic Church. Consider these statistics for the United States. Only 30 percent of Americans who were raised Catholic are still practicing. Fully 10 percent of all adults in America are ex-Catholics. The number of marriages celebrated in the Church decreased dramatically, by nearly 60 percent, between 1972 and 2010. Only 60 percent of Catholics believe in a personal God. If the Church is to reverse these trends, the evangelizers must first be evangelized—in other words, Catholics-in-the-pew must make a conscious choice to know and follow Jesus before they can draw others to him. This work of discipleship lies at the heart of Forming Intentional Disciples, a book designed to help Church leaders, parish staff and all Catholics transform parish life from within. Drawing upon her fifteen years of experience with the Catherine of Siena Institute, Sherry Weddell leads readers through steps that will help Catholics enter more deeply into a relationship with God and the river of apostolic creativity, charisms, and vocation that flow from that relationship for the sake of the Church and the world. Learn about the five thresholds of postmodern conversion, how to open a conversation about faith and belief, how to ask thought-provoking questions and establish an atmosphere of trust, when to tell the Great Story of Jesus, how to help someone respond to God's call to intentional discipleship, and much more. And be prepared for conversion because when life at the parish level changes, the life of the whole Church will change.

Everyone Leads Chris Lowney 2017-04-04 Drawing on decades of leadership experience, bestselling author Chris Lowney examines the profound challenges facing the global Catholic Church, shares real-life stories of Catholics making a difference, and offers practical suggestions for change. The Catholic Church is suffering its worst decline in five centuries—a precipitous slide that will turn catastrophic unless reversed by fundamental changes in strategy, culture, and leadership style. Even the inspiring leadership of Pope Francis will not reverse the slide without a strategy for action, from the grassroots through the hierarchy. Chris Lowney, a former Jesuit seminarian and business executive who now chairs one of the world's largest Catholic ministries, not only outlines the challenges but also maps the path forward in Everyone Leads. After a bracing review of the church's global struggles—from clergy shortages to declining participation—Lowney draws on two decades of change-management experience to propose an "EASTeR" strategy of five transformational principles: be entrepreneurial, be accountable, serve, transform, and reach out. These five ideas can catalyze profound change in every parish, in how bishops think, and in the roles laypeople play in leading the church. Filled with real-life examples, Everyone Leads outlines strategies that anyone can employ—from the pews to the pulpit—to strengthen the church. As a former business executive who lectures globally about leadership, Lowney speaks credibly about the institution's challenges and potential. And, as chair of one of Catholicism's largest hospital systems, he writes "from within" as a Catholic who

loves his church and is committed to seeing it flourish.

The Benedict Option Rod Dreher 2017-03-14 A NEW YORK TIMES BESTSELLER "Already the most discussed and most important religious book of the decade." —David Brooks In this controversial bestseller, Rod Dreher calls on American Christians to prepare for the coming Dark Age by embracing an ancient Christian way of life. From the inside, American churches have been hollowed out by the departure of young people and by an insipid pseudo-Christianity. From the outside, they are beset by challenges to religious liberty in a rapidly secularizing culture. Keeping Hillary Clinton out of the White House may have bought a brief reprieve from the state's assault, but it will not stop the West's slide into decadence and dissolution. Rod Dreher argues that the way forward is actually the way back—all the way to St. Benedict of Nursia. This sixth-century monk, horrified by the moral chaos following Rome's fall, retreated to the forest and created a new way of life for Christians. He built enduring communities based on principles of order, hospitality, stability, and prayer. His spiritual centers of hope were strongholds of light throughout the Dark Ages, and saved not just Christianity but Western civilization. Today, a new form of barbarism reigns. Many believers are blind to it, and their churches are too weak to resist. Politics offers little help in this spiritual crisis. What is needed is the Benedict Option, a strategy that draws on the authority of Scripture and the wisdom of the ancient church. The goal: to embrace exile from mainstream culture and construct a resilient counterculture. The Benedict Option is both manifesto and rallying cry for Christians who, if they are not to be conquered, must learn how to fight on culture war battlefields like none the West has seen for fifteen hundred years. It's for all mere Christians—Protestant, Catholic, Orthodox—who can read the signs of the times. Neither false optimism nor fatalistic despair will do. Only faith, hope, and love, embodied in a renewed church, can sustain believers in the dark age that has overtaken us. These are the days for building strong arks for the long journey across a sea of night.

ChurchMoney Michael White 2019-09-13 The Pew Research Center recently reported that 26 percent of Catholics are giving less because of the sex abuse crisis and reports of misconduct against priests and bishops. That makes the already difficult task of raising money for churches and bishop's appeals much more challenging. Rev. Michael White and Tom Corcoran—award-winning authors of the Rebuilt Parish series—know from twenty years leading Church of the Nativity in Timonium, Maryland, that it's no fun working in a parish struggling to pay the bills. Without money, you can't hire staff to provide the programs you want to offer. You constantly have to beg parishioners to give. You grow frustrated and angry when they fail to respond. Does this sound familiar? In ChurchMoney, White and Corcoran will help you learn the basic skills you need to discover that true success in raising funds comes from the incredibly freeing approach that connects giving to discipleship. The two share their stories of success and failure. They tell us what they learned to meet the real financial challenges of their mission. They offer the practical wisdom and inspiration you need to tackle the thorny matter of raising money in your Catholic parish. White and Corcoran share the lessons, facts, habits, and great ideas they've implemented from some of the most successful and vibrant churches in the United States. ChurchMoney offers a proven plan for raising money in parishes. It's readily adaptable, firmly rooted in the reality of leading a Catholic parish, based on the Bible, and finessed with the best advice of communication professionals. You will read stories of embarrassing failure and exhilarating success in tripling a budget and running three extraordinarily successful capital campaigns over a ten-year period including their most recent campaign leading to the construction of \$16 million sanctuary built debt free. They have increased staff fourfold and significantly raised salaries and increased staff benefits while expanding mission outreach both locally and internationally.

Finding God in the Waves Mike McHargue 2016-09-13 A story about having faith, losing it, and finding it again through science—revealing how the latest in neuroscience, physics, and biology help us understand God, faith, and ourselves. Mike McHargue, host of The Liturgists and Ask Science Mike podcasts, understands the pain of unraveling belief. In Finding God in the Waves, Mike tells the story of how his Evangelical faith dissolved into atheism as he studied the Bible, a crisis that threatened his identity, his friendships, and even his marriage. Years later, Mike was standing on the shores of the Pacific Ocean when a bewildering, seemingly mystical moment motivated him to take another look. But this time, it wasn't theology or scripture that led him back to God—it was science. Full of insights about the universe, as well as deeply personal reflections on our desire for certainty and meaning, Finding God in the Waves is a vital exploration of the possibility for knowing God in an age of reason, and a signpost for where the practice of faith is headed in a secular age. Among other revelations, we learn what brain scans reveal about what happens when we pray; how fundamentalism affects the psyche; and how God is revealed not only in scripture, but also in the night sky, in subatomic particles, and in us.

Lost Islamic History Firas Alkhateeb 2017 Islam has been one of the most powerful religious, social and political forces in history. Over the last 1400 years, from origins in Arabia, a succession of Muslim polities and later empires expanded to control territories and peoples that ultimately stretched from southern France to East Africa and South East Asia. Yet many of the contributions of Muslim thinkers, scientists and theologians, not to mention rulers, statesmen and soldiers, have been occluded. This book rescues from oblivion and neglect some of these personalities and institutions while offering the reader a new narrative of this lost Islamic history. The Umayyads, Abbasids, and Ottomans feature in the story, as do Muslim Spain, the savannah kingdoms of West Africa and the Mughal Empire, along with the later European colonization of Muslim lands and the development of modern nation-states in the Muslim world. Throughout, the impact of Islamic belief on scientific advancement, social structures, and cultural development is given due prominence, and the text is complemented by portraits of key personalities, inventions and little known historical nuggets. The history of Islam and of the world's Muslims brings together diverse peoples, geographies and states, all interwoven into one narrative that begins with Muhammad and continues to this day.

Phenomenology of Perception Maurice Merleau-Ponty 1996 Buddhist philosophy of Anicca (impermanence), Dukkha (suffering), and War and Peace Leo Tolstoy 2019-01-16 Hailed as one of the greatest novels of all time and a classic of world literature, War and Peace is a tale of strivers in a world fraught with conflict, social and political change, and spiritual confusion, Tolstoy’s magnificent work continues to entertain, enlighten, and inspire readers around the world. Both an intimate study of individual passions and an epic history of Russia and its people, ‘War and Peace’ is nothing more or less than a complete portrait of human existence. Among its many unforgettable characters is Prince Andrey Bolkonsky, a proud, dashing man who, despising the artifice of high society, joins the army to achieve glory. Badly wounded at Austerlitz, he begins to discover the emptiness of everything to which he has devoted himself. His death scene is considered one of the greatest passages in Russian literature. Terror swiftly engulfs the country as Napoleon’s army marches on Russia, and the lives of three young people are changed forever. The stories of quixotic Pierre, cynical Andrey and impetuous Natasha interweave with a huge cast, from aristocrats and peasants, to soldiers and Napoleon himself. In War and Peace (1868-9), Tolstoy entwines grand themes—conflict and love, birth and death, free will and fate.

Urban Apologetics Eric Mason 2021-04-06 Urban Apologetics examines the legitimate issues that Black communities have with Western Christianity and shows how the gospel of Jesus Christ—rather than popular, socioreligious alternatives—restores our identity. African Americans have long confronted the challenge of dignity destruction caused by white supremacy. While many have found meaning and restoration of dignity in the black church, others have found it in ethnocentric socioreligious groups and philosophies. These ideologies have grown and developed deep traction in the black community and beyond. Revisionist history, conspiracy theories, and misinformation about

Jesus and Christianity are the order of the day. Many young African Americans are disinterested in Christianity and others are leaving the church in search of what these false religious ideas appear to offer, a spirituality more indigenous to their history and ethnicity. Edited by Dr. Eric Mason and featuring a top-notch lineup of contributors, *Urban Apologetics* is the first book focused entirely on cults, religious groups, and ethnocentric ideologies prevalent in the black community. The book is divided into three main parts: Discussions on the unique context for urban apologetics so that you can better understand the cultural arguments against Christianity among the Black community. Detailed information on cults, religious groups, and ethnic identity groups that many urban evangelists encounter—such as the Nation of Islam, Kemetic spirituality, African mysticism, Hebrew Israelites, Black nationalism, and atheism. Specific tools for urban apologetics and community outreach. Ultimately, *Urban Apologetics* applies the gospel to black identity to show that Jesus is the only one who can restore it. This is an essential resource to equip those doing the work of ministry and apology in urban communities with the best available information.

Joy for the World Greg Forster 2014-02-28 Can the church regain its cultural influence? The church in America is losing ground. Unfortunately, our efforts to reverse this trend often seem to do more harm than good. In *Joy for the World*, Greg Forster explains how the church lost its culture-shaping voice and what Christians can do to turn things around. This book teaches us that the key to cultural transformation is something that we might not expect: explosive, Spirit-produced joy in God and his gospel.

Democracy and Education John Dewey 1916 John Dewey's *Democracy and Education* addresses the challenge of providing quality public education in a democratic society. In this classic work Dewey calls for the complete renewal of public education, arguing for the fusion of vocational and contemplative studies in education and for the necessity of universal education for the advancement of self and society. First published in 1916, *Democracy and Education* is regarded as the seminal work on public education by one of the most important scholars of the century.

Christus Vivit Pope Francis 2019-04-04 To young Christians of the world, Pope Francis has a message for you: "Christ is alive, and he wants you to be alive!" In his fourth apostolic exhortation, *Christus Vivit*, Pope Francis encapsulates the work of the 2018 synod of bishops on "Young People, The Faith, and Vocational Discernment." Pope Francis has always had a special relationship with young people, and in his fatherly love for you he shows that: You can relate to young people in Scripture who made a difference You identify with the Christ who is always young You face difficult issues in the world today You yearn for the truth of the Gospel You are capable of amazing things when you respond to the Gospel You learn and grow with help from the faithful of all generations You need bold and creative youth ministry You can discover who God made you to be You are urged to pray for discernment *Christus Vivit* is written for and to young people, but Pope Francis also wrote it for the entire Church, because, as he says, reflecting on our young people inspires us all. "May the Holy Spirit urge you on as you run this race. The Church needs your momentum, your intuitions, your faith. We need them! And when you arrive where we have not yet reached, have the patience to wait for us."

Seriously, God? Michael White 2021 "The authors of this book encourage open conversations about the genuine doubts, confusion, and seemingly contradictory assertions about the nature of God that often arise out of intense human suffering. They explore feeling denied and even betrayed by God, struggling to understand why God allows bad things to happen all around us"--

Made for Mission Tim Glemkowski 2019-09-26 "God has created me to do him some definite service; he has committed some work to me which he has not committed to another. I have my mission." — Blessed John Henry Newman The statistics are heartbreaking. In 2007, 24 percent of Americans identified as Catholic. By 2014, that had dropped to 21 percent. The number of people who claim no religious affiliation has surpassed Catholics and evangelicals, making "nones" the largest religious group in the United States. Catholics are simply walking away from the Church. Yet there are many committed, faithful Catholics who desperately want to stem this tide. We are here, in this moment, and are called to be part of the mission, for the sake of our members, and for those who are still outside the Church. Yet while we long for this renewal, we are often at a loss as to how to accomplish it in a practical way. What steps do we take? How do we start, and how do we continue? How will we measure success — and how long will it take? In *Made for Mission: Renewing Your Parish Culture*, author and speaker Tim Glemkowski offers four keys that can radically change parish culture: Cast the vision Prioritize a clear path to discipleship Mobilize leaders Align everything Implementing these four keys over time, parishes can become not simply gathering places for worship but seedbeds of discipleship and missionary outposts of the New Evangelization. This book is a must-read for Catholic clergy, lay parish staff, anyone working in ministry, and any dedicated parishioner who is passionate about renewing the Church. Click here to register for the related webcast **ABOUT THE AUTHOR** Tim Glemkowski is an international speaker and the founder and president of L'Alto Catholic Institute. He is also cofounder and president of Revive Parishes, an online formation platform for parish leaders. Tim has served in various roles in evangelization, including teaching high school theology, with youths and young adult ministry at a parish, and as a director of evangelization and catechesis. He double-majored in theology and philosophy at Franciscan University of Steubenville and has a master's in theology from the Augustine Institute in Denver, Colorado.

The Brain That Changes Itself Norman Doidge 2007-03-15 "Fascinating. Doidge's book is a remarkable and hopeful portrait of the endless adaptability of the human brain."—Oliver Sacks, MD, author of *The Man Who Mistook His Wife for a Hat* What is neuroplasticity? Is it possible to change your brain? Norman Doidge's inspiring guide to the new brain science explains all of this and more An astonishing new science called neuroplasticity is overthrowing the centuries-old notion that the human brain is immutable, and proving that it is, in fact, possible to change your brain. Psychoanalyst, Norman Doidge, M.D., traveled the country to meet both the brilliant scientists championing neuroplasticity, its healing powers, and the people whose lives they've transformed—people whose mental limitations, brain damage or brain trauma were seen as unalterable. We see a woman born with half a brain that rewired itself to work as a whole, blind people who learn to see, learning disorders cured, IQs raised, aging brains rejuvenated, stroke patients learning to speak, children with cerebral palsy learning to move with more grace, depression and anxiety disorders successfully treated, and lifelong character traits changed. Using these marvelous stories to probe mysteries of the body, emotion, love, sex, culture, and education, Dr. Doidge has written an immensely moving, inspiring book that will permanently alter the way we look at our brains, human nature, and human potential.

The Social Mission of the U.S. Catholic Church Charles E. Curran 2010-12-20 How does the Church function in the world? What is it called to do, and what does it actually do? Charles E. Curran explores the social mission of the U.S. Catholic Church from a theological perspective, analyzing and assessing four aspects: the importance of social mission, who carries it out, how it is carried out, and the roles that the Church and individual Catholics play in supporting these efforts. In the early and mid-twentieth century the Catholic Church in the United States tended to focus its social mission on its own charities, hospitals, and schools. But the Second Vatican Council called the Church to a new understanding of social mission, deepening its involvement in and commitment to civic, social, and political life in the United States and abroad. Curran devotes particular attention to three issues that have reflected the Church's strong sense of social mission since that time: abortion, war and peace, and labor. *The Social Mission of the U.S. Catholic Church* describes the proper role of bishops, institutions, and movements in the Church, but insists that the primary role belongs to all the baptized members of the Church as they live out the social mission in their daily lives.

It was the hour of Germany's deepest humiliation, when Napoleon has dismembered the old German Empire and French soldiers occupied almost the whole of Germany. The books

narrates how Hitler was arrested with several of his comrades and imprisoned in the fortress of Landsberg on the river Lech. During this period only the author wrote the first volume of MEIN KAMPF. The Second volume of MEIN KAMPF was written after release of Hitler from prison and it was published after the French had left the Ruhr, the tramp of the invading armies still echoed in German ears and the terrible ravages had plunged the country into a state of social and economic Chaos. The beauty of the book is, MEIN KAMPF is an historical document which bears the imprint of its own time. Moreover, Hitler has declared that his acts and 'public statements' constitute a partial revision of his book and are to be taken as such. Also, the author has translated Hitler's ideal, the Volkischer Staat, as the People's State. The author has tried his best making German Vocabulary easy to understand. You will never be satisfied until go through the whole book. A must read book, which is one of the most widely circulated and read books worldwide.

Great Catholic Parishes William E. Simon Jr. 2016-09-23 What is really happening in the Catholic Church in North America? Are parishes thriving or dying? Is dissatisfaction among Catholics growing or are they becoming more engaged in the evangelizing mission of the Church? Businessman, professor, and philanthropist, William E. Simon Jr. has been highly influenced by the dynamic and inspiring Catholic parishes he has attended for more than 25 years. In 2012, he founded Parish Catalyst, an organization devoted to researching and supporting the health and development of Catholic parishes. Great Catholic Parishes looks at Simon's insights and the success stories of 244 vibrant parishes to show what makes them great. In 2012 and 2013, Simon and his team studied 244 Catholic parishes to determine what made them exceptional. The study found that all of the parishes shared four foundational practices that led to a profound sense of belonging within their parish communities and a deepening commitment to discipleship: Share leadership by using clergy and lay staff with the best talents and skills to direct the community Foster spiritual maturity and plan for discipleship by offering a variety of formation programs and ministry opportunities to reach parishioners at differing points in their lives Excel on Sundays by dedicating significant time, energy, and money to liturgical celebrations that parishioners and visitors find welcoming Intentionally evangelize by challenging insiders to look outward and providing service programs, social events, global mission opportunities, and pastoral care at key sacramental moments that focus on inviting outsiders to deeper relationship with Christ and the Church. In Great Catholic Parishes, Simon shares personal stories such as finding a welcoming parish home and what he learned about evangelizing from a mission trip to Kenya. Pastors from exceptional parishes offer helpful ideas, strategic advice, and practical strategies, as well as anecdotes about lay ministry development initiatives and reworking religious education so that it is family focused and web-based. You will also learn creative solutions to familiar challenges such as spiritual stagnation among parishioners, reconciling diverse needs in the parish, allowing the pastor to focus on pastoring and preaching, and reaching youth and young adults who leave the Church in disproportionate numbers. Each chapter closes with either crucial takeaways or a summary of practical challenges that will help pastors and leaders focus on growth and excellence."
